MARRYING FRENCH GIRLS.

General Nivelle may be right when he says that the marriages between the young women of his country and American soldiers were a mistake and that not more than one in ten will be happy. As a rule any kind of international marriage is a good thing to avoid because, for obvious reasons, they are likely to be fruitful in incompatibility of temper. The risk is the greatest when, as in the case of the lonely American soldier in France who sought a home in the heart of a native girl, the step was taken too hastily, with little or no real acquaintance in consequence of the girl's complete ignorance of English and the young man's slight if any real knowledge of French. Moreover, the thing was done in the midst of a great and romantic adventure, which, after it was over, left the possibilities of more than ordinarily rapid disillusion.

But the French girl was at fault in her mercenary calculation even more than the American doughty in his foolhardy precipitation, if the situation was as a rule such as General Nivelle describes when he says: "Our young women had the idea that all Americans were rich; so a French girl was much disappointed when her husband, out of khaki, turned to modest employment or the farm." The French girl had no right to such expectations and unless gently nurtured and accustomed to depend on servants she deserves little sympathy in her disillusion. A young American may be all the better husband because he has his way to make, and where his lack of fortune is the only objection there is no just cause for any complaint. It is to be hoped that General Nivelle, who judges from what he saw on his visit to America, is too pessimistic about this matter; but it is clear enough that linguistic difficulties, nostalgia, divergent social and other ideals involved, hardly furnish a promising basis for successful marriage.

WORK FOR EX-PRESIDENTS.

The announcement that Mr. Wilson would return to the practice of law doubtless caused astonishment in Europe, where such a pursuit is not supposed to befit the dignity of a man who has been the chief government officer of a great nation. The surprise in this country was due only to Mr. Wilson's ill health and the fact that many years have passed since the legal profession has known him. Other retiring Presidents have returned to the practice of law, when they faced the need both of occupying their minds and of providing for their families. Mr. Taft might have returned to the law, but preferred a professorship at Yale and journalism on the side. Benjamin Harrison returned to his law practice, as did Grover Cleveland. Mr. Wilson's announcement of a similar purpose must have dropped like a bombshell among the knowing Washington correspondents who had arranged for him to write history, and particularly the history of the Paris Peace Conference. The enormously high price offered by a publisher's syndicate for the first article written by Mr. Wilson after he left the White House was by itself sufficient assurance that an ex-President with his forceful literary style and unique experience could coin much money with his pen, given the strength and the desire to do such work.

The announcement has brought forward the old subject of "what to do with our ex-Presidents." One editor, like no few others before him, insists that ex-Presidents should not have "a right to a living," that "their work should be for the people," and that "the nation should make provision for them so that it can have the full advantage of their wisdom and experience brought to bear directly on public questions. Our system of party government, with its inevitable partisanship, obviously renders impracticable the latter part of this proposition.

LEGAL AID FOR THE POOR.

Before the Legal Aid Society was a creature the poor defendant, in any case, had to depend on counsel assigned by the court, and this was unsatisfactory because the lawyer assigned, even if competent, too often had no other facilities and

no time for preparing an adequate defense, with the result in most cases that the man too poor to employ counsel got less than justice. To meet a great need insofar as was possible, the Legal Aid Society was organized in 1878, its activity and support slowly expanding until in 1920 it conducted 30,466 cases and received contributions to the extent of \$147,000. Until recently it has acted only in civil suits, but it has now extended its scope by absorbing the work of the Voluntary Defenders Committee, which provides suitable advice to the poor in connection with the defense of criminal actions.

In presenting the current report of the Legal Aid Society, Charles E. Hughes pointedly writes that "it is idle to speak of the blessings of liberty unless the poor enjoy equal protection under the laws." Without ability to employ competent counsel, or without aid in some form enabling them to secure such counsel, it is manifest that "equal protection of the laws" is in no small measure denied the poor.

THE INCOME TAXPAYER

Classified According to The Amount of Their Income.

By Telegram to The Freeman.

Albany, March 21.—Figures given out today by State Comptroller James A. Wendell show that of a total of 746,000 income tax returns filed for 1919 with the state income tax bureau, 309,504 persons received incomes between \$1,000 and \$2,000.

The \$1,000 to \$2,000 class consisted of 144,072 single male income earners, not heads of families, along with 82,344 single women, not heads of families. This class also included unmarried males who took the legal exemptions given persons having dependents and the surprising total of 20,280 unmarried females who filed returns as "heads of families."

In the distribution of income classes, individuals receiving income of \$2,000 to \$3,000 came next, the number totaling 207,912. It is an interesting fact that 517,416 persons, over two-thirds of the total filing returns, had incomes between \$1,000 and \$3,000.

Statistics based on an analysis of returns so far totaled show if the same ratio continues in the balance of the 746,000 returns and it is probably safe to assume that it will, the total in the \$100,000 to \$150,000 class will number at least 750 persons.

Figures showing the number of individuals in the different income tax classes for 1919 follow:

Incomes from	Individuals
\$1,000 to \$2,000	309,504
2,000 to 3,000	207,912
3,000 to 4,000	79,872
4,000 to 5,000	41,638
5,000 to 10,000	64,224
10,000 to 15,000	16,536
15,000 to 20,000	11,492
20,000 to 25,000	4,544
25,000 to 30,000	2,520
30,000 to 40,000	3,360
40,000 to 50,000	1,752

Completed figures show that up to yesterday 613,595 residents and non-residents paid a total of \$37,139,272 in payment of the 1919 tax and the average individual tax paid was \$60.12.

CONVENTION OF
EASTERN STAR

The Saugerties Post says:
The first convention of the Order of The Eastern Star ever held in the Greene-Unter district, was convened in the rooms of Emmanuel Chapter No. 517, Saugerties, Tuesday evening, and over 200 were present, every chapter in the district, Windham, Highland and Oak Hill excepted, being represented by large delegations.

The convention was in charge of the assistant grand lecturer of the district, and assisting him in the exemplification of the standard work of the order were the following:

Mrs. Alma Rowe, Emmanuel Chapter, worthy matron.
Benjamin Rowe, Emmanuel Chapter, worthy patron.
Mrs. Florence Leverett, Kingston Chapter, associate matron.
Mrs. Jane Mahon, Clinton Chapter, treasurer.
Mrs. Emma Barnard, Catskill Chapter, secretary.

Mrs. Dora Smith, Emmanuel Chapter, conductress.
Miss Edith Erskier, Emmanuel Chapter, associate conductress.
Mrs. Elizabeth Smith, Emmanuel Chapter, chaplain.

Mrs. Susie Smith, Emmanuel Chapter, organist.
Mrs. Anna Hyman, Emmanuel Chapter, marshal.
Ernest Haessinger, Emmanuel Chapter, sentinal.

Mrs. Anna Mower, Emmanuel Chapter, warder.
Mrs. Matilda Enkler, Wawarsing Chapter, Ellenville, Adah.
Mrs. Naomi Robbins, Clinton Chapter, Kingston, Ruth.

Mrs. Adelaide Barnum, Kingston Chapter, Esther.
Mrs. Mamie Post, Catskill Chapter, Martha.
Mrs. Edith Smith, Clinton Chapter, Kingston, Electa.

Mrs. Frances A. Waide, Emmanuel Chapter, historian.
Mrs. Angelina Babcock, Emmanuel Chapter, trustee.
Mrs. Elizabeth Kearney, Emmanuel Chapter, color bearer.

Mrs. Esther Hallenbeck, Catskill Chapter, and Mrs. Anna Haines, Cairo Chapter, acted as the worthy matrons during the Star degrees, and Right Worthy Mrs. Nellie V. Sawyer, district deputy grand matron, closed the convention.

The work was excellently given throughout and during the intermission Prof. Frank Martin rendered a violin solo, accompanied by Mrs. Susie Smith, that was most delightful. An encore was demanded and Prof. Martin responded with another beautiful selection that evoked hearty approval in prolonged applause.

At the conclusion of the convention, Emmanuel's splendid women did the honors, serving a bountiful supply of refreshment to the visitors while the "actuelle" furnished pleasing musical numbers. During the social hour Miss Pauline Comfort, Saugerties' exceptionally fine pianist, rendered a number of solos that displayed her voice to advantage and she sang with her accustomed sweetness and charm to the great pleasure of all present.

Mrs. Lutton R. Edwards was accompanist for Miss Comfort. The convention was thoroughly enjoyed and proved itself full of helpfulness and value to the representatives of the chapters present. Shortly after 11 o'clock the visitors left for their respective homes all declaring it had been a profitable convention for them, and praising Emmanuel Chapter as royal hosts.

AT THE THEATERS.
Constance Talmadge and Exhibition Dance at Opera House.

When you are in love with a man, the pulse will beat faster and your heart will palpitate. This is the infallible test of love, the part played by Constance Talmadge in "The Love Expert" at the Kingston Opera House tonight at 8:15 which is showing in addition to the benefit dance given for the Industrial Home and the Girl Scouts by Miss Emilia Rice, cabaret and her class of sixty pupils.

"Something to Think About" at Keweenaw tonight, Friday and Saturday. A DeMille production is always something to talk about so finished in the technique, so vital in the theme and characterization. This is a stirring companion picture to the previous DeMille creations. Jennie MacPherson has written a gripping story, one which has a poignant power of faith, or of love in achieving happiness. A Christie comedy is also featured.

Wallace Reid in "Always Audacious" is the attraction at the Auditorium tonight; also Eddie Polo in the exciting circus serial, "The King of the Circus." Tomorrow a comedy feature, "Bringing Up Betty."

Saturday's attraction at the Kingston Opera House matinee and night, will be Puck & Jeannette's sensational success "Jazz Babies" and if they live up to the reputation that they have created for themselves, wherever they have appeared so far this season, the S. R. O. sign will be hung out at every performance, so the patrons of the popular would do well to obtain seats early for this special engagement.

"Nuts and Jell" is a mad mixture of nothing and everything, a symposium of so-called, a dainty dancing delivery, a gag, and a giddy galaxy of girls, youth and charm, and surprises and adventures galore are slated to entertain the patrons of the Opera House tomorrow matinee and night. The new attraction, an equally pleasant and sponsored by Haverford Goss, their "discovery" is entitled, "Nuts and Jell at the Races."

William-Foster Pines Blumstein. A reader in Dorset, Vt., writes that he is a water-dancer. He uses a perforated stick but can not explain what power causes it to gain momentum when he is passing over waves. But only can be broken used, but by placing a small piece of wood in the end of the stick he is able to find land when under the ground, also landing a buried pipe for a barometer. He can also locate copper and lead ore.

THREE TIMES AND OUT
Unless Dr. Terwilliger Appeals The Bath House Case.

The great bath house case of F. W. Terwilliger against Browning, King & Co., continues to be an absorbing topic for conversation. The verdict given on the second trial before Justice Howard and a jury in March, 1913, was for \$131,000 and is said to be the largest ever given by a jury in this county. To that Justice Howard added an extra allowance of \$1,000 against Judge Clearwater's protest. To this was added the costs of the case, so that all together the judgment was a heavy one.

It is generally agreed that Judge Van Wyck, who tried the case for Terwilliger, tried it in the expectation of recovering \$200,000, and under Justice Roach's charge that amount might have been returned by the jury if they believed the testimony offered by Terwilliger. The case has been three times tried, has been twice to the Appellate division, and twice to the Court of Appeals.

When Judge Clearwater, who represented Browning, King & Company, the defendants, was asked by a Freeman reporter whether he thought Terwilliger would appeal, he said he was inclined to think that question would be determined by Terwilliger's lawyers rather than by Terwilliger himself. It is said that if an appeal be taken the printed case, with the exhibits, would fill two volumes of 1,000 pages each. The printing bills so far in the case have been about three thousand dollars. The trial of this case is estimated to be to the taxpayers of Ulster county about \$5,000. Ulster county lawyers are wondering what the counsel fees in the case will be. Judge Clearwater, when asked about this, said they would be remarkable for their excessive modesty.

IT WILL GROW.
Democracy can never be extended by force, so you would find a cat even a flock of birds; but give it a chance and it will grow, so a tree grows, by sending down its roots into the heart of humanity and lifting its top toward the light and spreading its arms outward and under all the persecuted souls of heaven and refuge toward the protecting shade.—Henry Van Dyke.

GARDEN TALK.

Spading up exercises are as good as the setting up variety. Large gardens should be spaded, but men of sedentary occupations with a limited garden area can benefit their health and at the same time do a better job than the average plowman. If one can spare the time, it is a good idea to spade over land that has already been plowed.

In spading each square foot comes under your own eye and you can see that it is in the proper condition before you leave it. Spade the angleworms that are turned up, but deal death to the white grub.

The state college gardeners at Ithaca have found that most gardeners prefer a spading fork to a spade. It is more easily pressed into the ground and breaks up the soil better.

The proper depth to plant various seeds depends on several factors. Large seeds are planted deeper than small ones. Planting depth is greater in sand than in clay, and greater in dry soil than in that which is more moist. Habit of growth must be considered also; beans cannot be planted as deeply as peas, because in the case of the former almost the whole body of the seed has to be pushed through the soil, while the pea sends up a slender sharp shoot.

Approximate planting depths for the more common vegetables as worked out at the state college of agriculture are: Bean, cucumber, spinach and squash one to two inches; sweet corn about two inches; peas from two to four inches; beets about an inch. Cabbage, carrot, tomato, lettuce, kale, turnip, parsley and parsnip should be planted about half an inch deep and onions, radish and saffron perhaps slightly deeper.

There is a great effort now all over the country to interest people in the starting of small gardens, and in the beautifying of the unsightly corners and back yards. Often this can be done with slight expense and not a great deal of work. At this time when industrial conditions are slack many men are working only part time and there is much that they could do in the way of cleaning up their back yards, and spading up a place where their wives or children could plant some seeds, and get a hundred fold return in pleasure for the small amount of effort and expense it has taken. Often people with large gardens have surplus seeds or plants that they are only too glad to give to anyone who would take the trouble to plant them and care for them. Where there is no yard or ground of any kind that can be used, window boxes are suggested. These need not necessarily be expensive. They could perhaps be made out of old boards and painted green, or some other color like the house. They should have holes bored through the bottom for drainage. In some places galvanized tin boxes can be bought at a low cost. These fastened on brackets outside the window give equal pleasure to those within and to the passers by outside. There is probably nothing more satisfactory for them than geraniums and trailing vines. In sunny places nasturtium seeds or petunia seeds would probably do well. For boxes under awnings and in shady places begonias or ferns are suggested. The ferns may be procured from the woods. Wandering Jew may be mixed in with the begonias. Vincas, a green and white variety, are very effective. Many factories, hospitals, and other public buildings, realizing the pleasure derived from window boxes for those within as well as without, have had them placed on their buildings.

FLATBUSH.

Flatbush, March 31.—The Sunday school had special exercises in opening Easter Sunday. Among the features was the telling of the Easter story by Miss Phoebe and instructive manner, holding the close attention of the school, also the singing of Easter hymns by Mrs. Howard Burhans's class of girls.

Church services were well attended Sunday morning. A trio sung by the Misses Teresa, Marion, Marie Klotz and A. J. Myers and a solo sung by Mrs. Albert Woolsey were a feature. The church was prettily decorated with growing plants. Easter lilies, hyacinths and ferns.

The Women's Missionary Society will hold their monthly meeting at the home of Mrs. Howard Burhans.

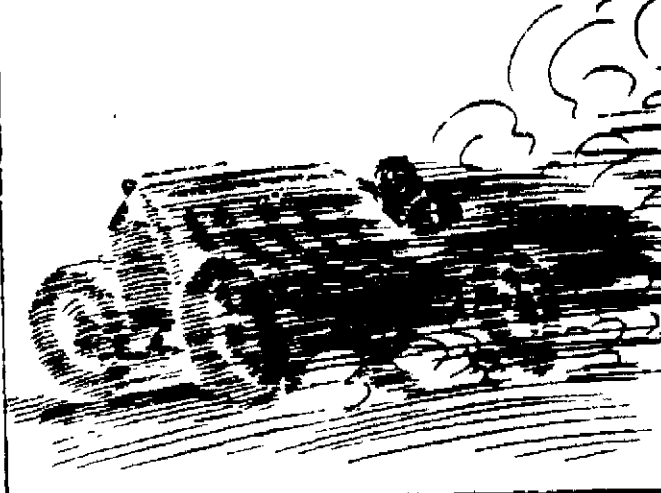

The funeral of Alonzo France was held at the home of his sister, Mrs. Jacob Carle, Tuesday afternoon. The Rev. J. B. Steketee officiating. Mr. France had been ill more than a year.

The auction of William Manat at Elster Landing Monday afternoon was well attended. Owing to the storm late in the afternoon the sale was not as satisfactory as it otherwise would have been.

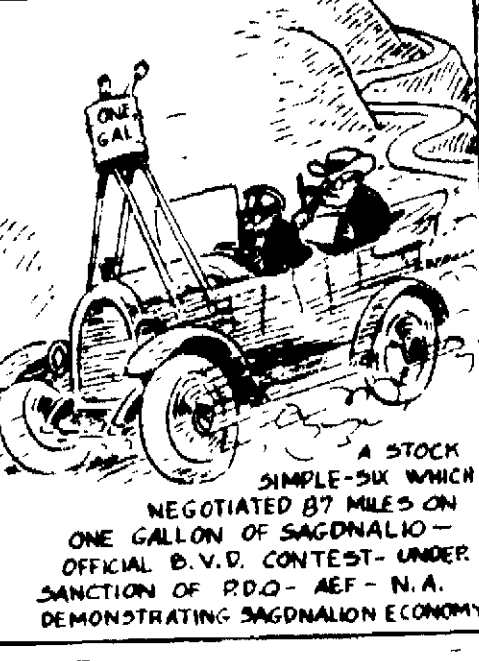

Election of officers in the S. S. takes place next Sunday morning. If you are interested in a monument attend to it at once. Decoration day will soon be here. BYRNE BROS., Broadway and Henry street. Advertisement.

1. Please explain swarms of toads no bigger than a dime found on a prairie road three-quarters of a mile from any pool, and over two miles from a river.
Toads, like frogs, hatch from eggs laid in water, and go through a tadpole stage. As soon as their tails are absorbed toads begin to feel the impulse to seek dry land. Their skins are sensitive, and often they make the move by night to avoid the sun. They will hide by day under stones, leaves, board walks, etc., to shield their skins from heat. But if a shower comes up, they rush out in swarms to get a wetting, and to push farther away from their late water home, while the traveling is most. This explains toad "showers." Similar swarms are sometimes noticed if a rainy day occurs when the toads happen to be just at the stage of leaving their pond.

2. Has man as old a history as geology has?
Compared with geologic time, man's appearance upon the earth is something that has just happened; like something in this morning's paper, recent as man's news will not be old yet for a hundred thousand years or so; and if he goes on at his present rate of speed, he will certainly have found out some things by that time that we are all eager to know.

3. What is the greatest speed in flight of any bird? Is it the eagle?
Positive statements on the rate of speed of birds are hazardous. Even the U. S. Biological Survey has little authoritative data on the absolute speed of the eagle; but cases have been known when eagles have overtaken the swiftest flying ducks, and it is believed that 60 to 75 miles an hour is a reasonable speed to credit to eagles.

Oil in North America
Oil was known to the Indians and used by them for medicinal purposes. It was first obtained from the surface of creeks and as a product of salt wells. Edwin L. Drake drilled the first oil well in the United States in August, 1859, near Oil City, Pa. The first discovery of oil in Canada was made in 1857 near Petrolia, Ont.

The Story of Our States

By JONATHAN BRACE XX—MISSISSIPPI

THE State of Mississippi derives its name from the river which forms its western boundary. The word itself comes from the Algonquin mis-sis-sipi, which means "great river." It is popularly supposed to mean "Father of the Waters" but this interpretation is incorrect. The state is also known as the Bayou State from the many bayous which are formed by the shifting river. In this connection it is interesting to note the uneven course of the Mississippi river. Though the extreme length of the state from the Gulf to Tennessee is 330 miles, the western border, due to the winding of the Mississippi river, extends for nearly 500 miles.

The rivers play an important part in this state. They are so numerous and the country so subject to flood that the river bottoms cover nearly one fifth of the area of the entire state.

The early history of Mississippi is yoked up with that of Louisiana of which it originally formed a part. Discovered by De Soto in 1539, it was not until La Salle sailed down the river and claimed this territory, which he named in honor of his French king, Louis XIV, that a permanent settlement was established.

In 1763 the territory east of the Mississippi was ceded by the French to the English. For a while the lower portion of the present state was called West Florida. After being captured by the Spanish and later returned to the United States, the Territory of Mississippi was extended to its present size of 46,863 square miles and in 1817 it was admitted as the twentieth state of the Union. At the time of the Mexican war, although called upon to supply one regiment of volunteers, Mississippi responded with enough men for two. One of these regiments was commanded by Jefferson Davis, who later was the president of the Confederate states. Since its readmittance to the Union in 1870 Mississippi in national elections has been a Democratic state except in 1872, when it voted for Grant.

TWENTY-ONE CASES FOR COUNTY COURT

Big Calendar For Term of Court Which Commences Next Monday—Two Preferred Causes.

There are twenty-one causes on the civil calendar of the April term of the county court which convenes at the court house next Monday, it being one of the largest county court calendars in a long time. There are two preferred causes, both triable by jury.

Case No. 1 is brought by Florence Livingston against John Barton Payne, the nature of issue being to recover damages for loss of goods while in transit. Charles O'Donnell is the attorney for the plaintiff; DeForest Brothers for defendant.

No. 2, is the negligence case brought by Florence Kelle, an administratrix against Joseph F. Hewitt. Mrs. Kelle's husband was killed while riding in a big touring car owned by Mr. Hewitt, which turned turtle on a highway in the town of Woodstock, and the chauffeur for the owner was also killed. The case has been on the calendar since August, 1917, and has been tried before, going to the court of appeals. It is not likely, however, that the case will be tried at the coming term of court.

The regular calendar of cases is as follows:

No. 3—Ottis A. Atkins, by guardian, against Solomon P. Thorne, an appeal from justice's court. A. D. and A. W. Lent for plaintiff; Frank W. Brooks for defendant.

No. 4—William S. Everts against Frank G. Carpenter, to recover on a promissory note, triable by the court. D. W. Ostrander for plaintiff; Andrew W. Lent for defendant.

No. 5—Bridget O'Reilly against Village of Rosendale. W. H. Grogan for plaintiff; Brinnier, Canfield & Brinnier for defendant.

No. 6—Alexander Nicholson against Fred C. Curran. William F. Brinnier, Jr. for plaintiff; John W. Eckert for defendant.

No. 7—Abram Basch against William A. Warren. William D. Brinnier, Jr. for plaintiff; Charles W. Walton for defendant.

No. 8—Mary E. Deyo, et al against William H. Elliott, an action for trespass. A. D. and A. W. Lent for plaintiff; Brinnier, Canfield & Brinnier for defendant.

No. 9—Benjamin Godney, et al against Dominick Diorio, action on a bastardy bond. Andrew W. Lent for plaintiff; Brinnier, Canfield & Brinnier for defendant.

No. 10—William Schwab against Pamela Kothe. Brinnier, Canfield & Brinnier for plaintiff; Cleon B. Murray for defendant.

No. 11—Fallkill Construction Company, Inc., against Julius W. Blakeley an action for work, labor and services. Recovery of agreed price and reasonable services. Paul A. Rieker for plaintiff; Andrew W. Lent for defendant.

No. 12—Harry Elliott against John Carlin, et al, an action for damages for assault. A. D. and A. W. Lent for plaintiff; Brinnier, Canfield & Brinnier for defendant.

No. 13—Harry Elliott against John Carlin, et al, an action for malicious injury to personal property. A. D. and A. W. Lent for plaintiff; Brinnier, Canfield & Brinnier for defendant.

No. 14—Henry S. Crispell against William B. Harrison and Leon Blankfield, an action on contract. N. H. Fessenden for plaintiff; Brinnier, Canfield & Brinnier for defendants.

No. 15—George J. Fusher against Joseph Quackenbush, action on contract. John M. Cahlin for plaintiff; D. W. Ostrander for defendant.

No. 16—Louis Wachek against Fred G. Leasom, action for negligence. N. H. Fessenden for plaintiff; John T. Cahlin for defendant.

No. 17—George C. Lasher against Frank Roca, action on contract. M. O. Auchmoody for plaintiff; Van Eten & Cook for defendant.

No. 18—Mason Basch and Samuel Basch against Joseph Quackenbush, breach of contract. John M. Cahlin for plaintiff; D. W. Ostrander for defendant.

No. 19—Mason Basch and Samuel Basch against Joseph Quackenbush, breach of contract. John M. Cahlin for plaintiff; D. W. Ostrander for defendant.

No. 20—Scott Van Demark against George Johnson, to recover money alleged to be due on contract. Robert J. Howard for plaintiff; Frank W. Brooks for defendant.

No. 21—Beatrice Fitzgerald against Stanley Shaw, an appeal from city court. Chris J. Flanagan for plaintiff; Charles W. Walton for defendant.

To Investigate Balloon Flights. By Telegram to The Freeman.

Washington, March 31.—A complete investigation of free balloon flights by naval aviators will be undertaken by the navy department as the result of disappearance of five men in a free balloon from the Pamlico air station. Acting Secretary of the Navy Roosevelt announced today. Secretary Roosevelt said that the investigation would seek to determine the necessity for such flights, their value to the air service, and the precautions taken.

Texas Threatens Lying.

By Telegram to The Freeman. Landon, Okla., March 31.—A posse of 24 heavily armed citizens today was trailing Harry W. K. Prumpton and four confessed murderers, two of them women, through the sand wastes of northern Texas. The four prisoners, arrested late yesterday at Pecos, Tex., on charges of slaying Russell Springer, one of a wealthy business man, are being brought back here by the sheriff. The posse has threatened primary execution for the men.

Shipwreck Laid Bare.

By Telegram to The Freeman. Albany, March 31.—Assemblyman T. J. Smith's bill designed to prohibit future shipwreck from being carried more than 24 hours over the water, passed the Assembly today. The measure was introduced by Governor Smith and passed without dissent. It is designed to prevent shipwreck from being carried over the water.

MAN AND \$10,000 ARE MISSING

Arrest Left Brooklyn a Week Ago for Poughkeepsie to Mingle a Suit and Has Not Yet Arrived.

By Telegram to The Freeman. Poughkeepsie, March 31.—County and state authorities were asked today to help solve the mysterious disappearance of Frederick Arndt, Jr., wealthy young man of Brooklyn, who was en route to this city with \$10,000 a week ago, by automobile, to settle a damage case. Arndt was sued for \$25,000 by the parents of Arthur Weddle, 13, of this city, who was run over and killed by Arndt's automobile. A compromise at \$10,000 was effected and Arndt drew this sum from a Brooklyn bank and started for Poughkeepsie a week ago. His brother, Paul Arndt, stated: "He did not arrive here. His brother believed he may have been murdered en route. Frederick Arndt was engaged to marry a pretty Brooklyn girl."

FINDS A WAY TO BEST LANDLORD

Poughkeepsie Youth Exploring Abandoned Cement Quarries in That Suburb Find Underground Chamber That Is Used as Living Apartment.

Several days ago a crowd of young boys residing in Poughkeepsie decided to make a tour of the old abandoned cement quarries in that vicinity. They entered the quarries from the Delaware avenue entrance, at the foot of the hill leading into Poughkeepsie, and with the aid of torches had progressed some distance when they made a discovery.

They found one of the chambers had been used by some one as living quarters. They thought at first that they had stumbled on the retreat of Poughkeepsie's Peeping Tom, but later found that the chamber was occupied by a stranger, who is homeless. That is he was homeless until he had decided to make his home in the abandoned quarry hole.

On the floor of the stone chamber they found an old mattress, and piled up in one corner a pile of several hundred old magazines. They also found four alarm clocks, two of them ticking away, and keeping accurate time.

According to the boys, they believe the quarry hole is inhabited by a hobo known as Little Joe. It is warm and comfortable in the stone chamber, and Little Joe's lighting equipment is a torch. He was not at home when the boys called. Lack of housing facilities and high rents are the least of Little Joe's worries.

Car Upset At Escopus.

Jack McCabe and Charles H. Partlan had a narrow escape from serious injury this morning when the big Studebaker car they were riding in upset on the state road at Escopus. They were on their way to New York city and Mr. McCabe was driving. As they were near Mt. St. Alphonsus another auto shot out of the gateway leading to that institution and in order to avoid a collision Mr. McCabe steered his car to one side of the road. He got in the ditch and as he turned the wheel to steer the car back on the road it upset. The Studebaker was wrecked, but both men escaped with slight injuries. The damaged car was towed to a garage here for repairs.

Will Abide By Agreement.

By Telegram to The Freeman. Washington, March 31.—The Western Packing and Provision Company of Chicago today informed Secretary of Labor Davis of its willingness to abide by the agreement reached here recently by the packers and their employees. This company is the first of the small companies to announce its intention to fall in line with the big packing companies and department of labor officials take the action to mean that all the small packers will agree to abide by the previous agreement.

Boy Knocked From Bicycle.

Charles H. Johnston, a carpenter of 221 Elmendorf street, while turning his Ford car from John street in Fair street about half past one o'clock this afternoon ran in Albert Dunn of Gage street, who was riding a bicycle. The Dunn boy was knocked from his wheel and somewhat badly injured. He was hurried to the office of Dr. Harry P. Van Wagoner where it was discovered that one leg was bruised and the skin broken, but he had not suffered other bodily injury. His bicycle was damaged.

Sewer Gas Explodes.

By Telegram to The Freeman. Youngstown, O., March 31.—Seven persons were more or less seriously injured, a house was demolished and windows for a block were shattered at 10 o'clock this morning when sewer gas exploded in the cellar of the home of the Rev. William Langston, on West Avenue. Many hole covers blocks were thrown into the air.

Still For Movie Censorship.

By Telegram to The Freeman. Albany, March 31.—Governor Miller today declared for and out motion picture censorship. He said that in the only way proper regulation can be brought about and that the more he looked into the question the more convinced he was that some "sort of treatment" was required.

Baseball Manager Struck.

By Telegram to The Freeman. Cincinnati, March 31.—Frank O. Bancroft, former business manager of the Cincinnati baseball club, died last night at Mount Carmel hospital after a prolonged illness. Bancroft was known to baseball fans as "Bancroft" and was born in Lancaster, Mass., May 13, 1866.

WANTED ALL TO UNDERSTAND

Discourse at Holy Sepulchre at Jerusalem Careful to Impress Gospel Facts on Visitors.

Either I was particularly fortunate or others are particularly fastidious. The guide who showed me the Holy Sepulchre in Jerusalem was not particularly noisy or profane or palpably mercenary; he was rather more or less sympathetic than the same sort of man who might have shown me Westminster abbey or Stratford-on-Avon.

He was a small, solemn, swish old man, so far from deserving the charge of not knowing the Bible, he deserved rather a gentle remonstrance against his assumption that nobody else knew it. If there was anything to smile at in associations so sacred, it was the elaborate simplicity with which he told the first facts of the Gospel story, as if he were evangelizing a savage. Anyhow, he did not talk like a cheap-jack at a stall, but rather like a teacher in an infant school.

He made it very clear that Jesus Christ was crucified, in case anyone should suppose he was beheaded; and often stopped in his narrative to repeat that the hero of these events was Jesus Christ, lest we should fancy it was Nebuchadnezzar or the duke of Wellington. I do not in the least mind being amused at this, but I have no reason whatever for doubting that he may have been a better man than I. I gave him what I should have given a similar guide in my own country; I parted with him as politely as from one of my own countrymen.—From the New Jerusalem by G. K. Chesterton.

WILD DOGS CAUSE PROBLEM

Threaten to Wipe Out the Sheep Industry in Some Breeding Districts in Australia.

Wild dogs are presenting a serious problem in Australia, according to a Central News dispatch to the London Westminster Gazette. The correspondent at Broken Hill, New South Wales, says that unless immediate measures to protect the "stocks of sheep are taken, they will have to be replaced by cattle in the districts north of Broken Hill.

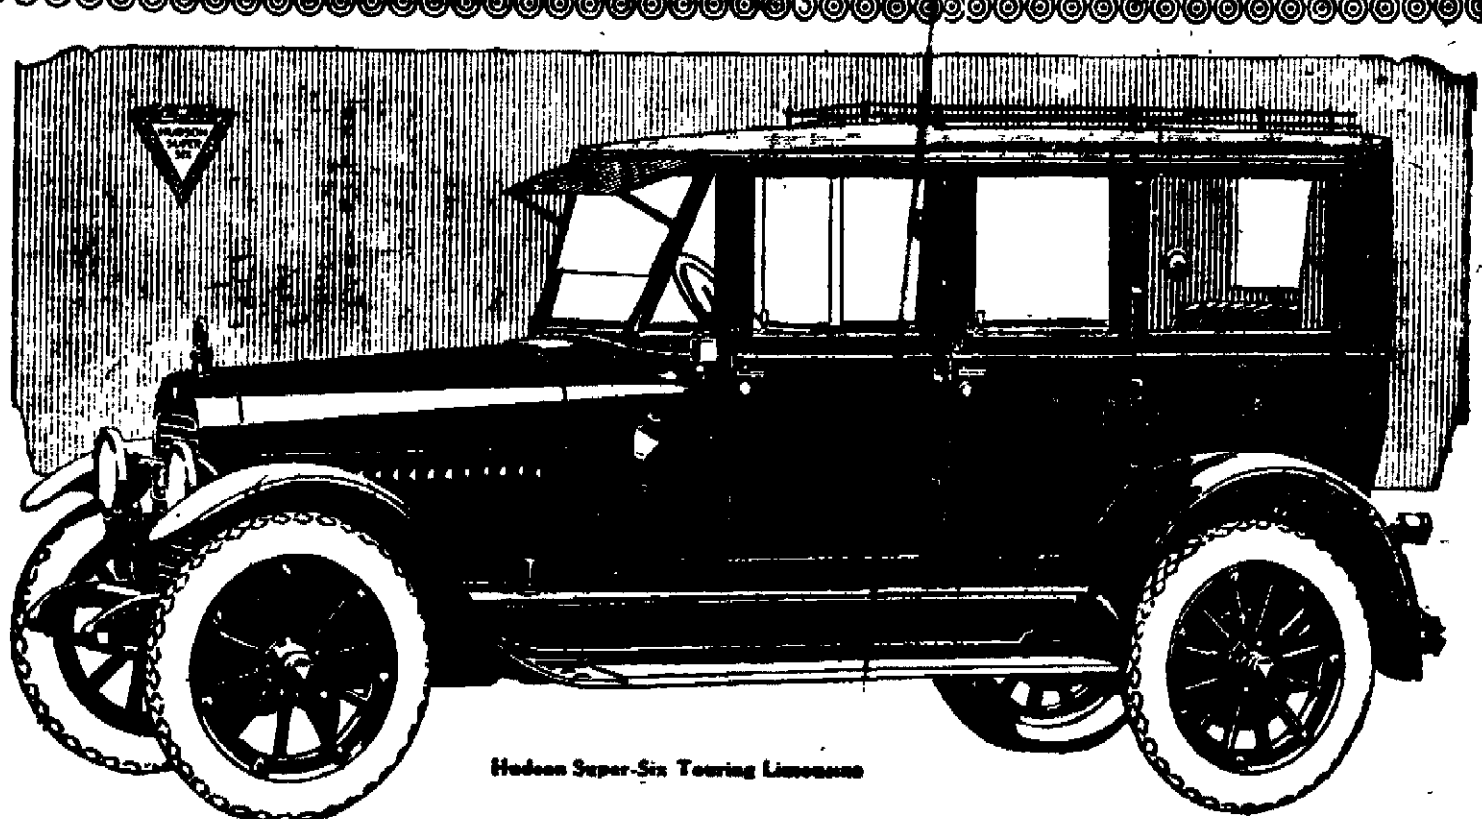

The seriousness of the situation is described by John Dunne, president of the West Darling Pastoralists' association, who states that, although there has been a good season, pastoralists in the Darling River district and north as far as the Queensland border are faced with one of the gravest problems within the memory of settlers in that part of the country.

"Reports are coming to hand from all parts of the district," he added, "of the enormous losses incurred owing to the prevalence of wild dogs. Already country which before the drought was admirably sheep country, is now stocked with cattle, and likely to continue to be stocked unless the dog menace is successfully dealt with."

Last year the western waste board was formed at Williams and the government then in power granted \$200,000 for dealing with the pest. The board, which was set up in a change of government since that time, some of the money has been forthcoming and the wild dogs have been kept right into the western division and are creating havoc among the flocks.

"Accidents."

An accident is usually an embrace. The term is generally applied to a marriage of seduction which results in the destruction of a neighborhood or state.

Wild Horses Run No More.

Reminders to the isolated mountain country of the West horses are fast of running loose, but while these might be tamed and, they usually belong to some ranchman who has lost them some time. Wild horses are frequent in various parts of Arizona and occasionally are found in Utah. But the old wild horse herds of the mountainous western regions have been, probably forever.

SPRING IS COMING— TAKE GUDE'S PEPTO-MANGAN

Thousands of People Take It Every Spring to Regain Health and Fight Illness

MAKES BLOOD RICH AND RED

Helps to Build Up the Entire Human System with Life-Giving Oxygen.

In the Springtime, after a winter sickness or long days pent up indoors, the blood becomes clogged with waste matter. The little red corpuscles in your blood become inferior. They do not absorb enough oxygen when they pass through the lungs. The tiny cells, billions of them, miss the nourishing effect of the oxygen, and faces become pale, bodies weak.

If you feel out of sorts, cranky, tired out most of the time, it is probably because your blood is weak. If you have no other disease pulling you down, you can be pretty sure your blood is weak and you need the help that Gude's Pepto-Mangan gives. Gude's Pepto-Mangan makes rich red blood and puts new life into the red corpuscles. If you are anemic (a thin-blooded condition) Gude's Pepto-Mangan will restore the right number of red corpuscles. You will notice a general improvement, better appetite, more restful sleep, better complexion, wide-open clear eyes.

Get Gude's Pepto-Mangan at your druggist's. He has it in liquid and tablet form. It makes no difference which you take, because the tablets and the liquid form both have the same medicinal value. Get the genuine Gude's Pepto-Mangan with the full name, "Gude's Pepto-Mangan," printed on the package.—Advertisement.

METACALFES.

Metacalfe's, March 31.—Miss Eli Rider has returned home after a pleasant stay with her cousins, Mr. and Mrs. Luther H. Wards, at Kingston.

Mr. and Mrs. William H. Miller and daughter, Viola, spent Sunday with their aunt and uncle, Mr. and Mrs. William Harp, at The Grove.

Mr. and Mrs. Ford Christy are receiving congratulations over the birth of a daughter, born March 30. Mr. and Mrs. Charles Bell and son and Mr. and Mrs. Ed Miller of Kerkhousen spent Sunday with Mr. and Mrs. Jason Bell.

Mr. and Mrs. Will Wood and daughter, Gladys, of Napauch, spent Easter with Mr. Wood's parents, Mr. and Mrs. John J. Wood.

Mr. and Mrs. Morgan MacCullough have named their infant son, James, after a distant relative who came from Scotland in 1669.

Eli Rider and son, Kenneth, spent their Easter Sunday as usual with Luke Rider at Whitfield.

Miss Edna Markle of Kingston spent Saturday night with Miss Roy Markle.

James H. Wood recently enjoyed a short stay with Kingston friends. Ernest Baker has returned to his position at the Poughkeepsie State Hospital after a visit with Mr. and Mrs. Dorsey Baker and Eugene Baker.

Mr. and Mrs. Max Cohen welcomed a little son in their home last week.

Those who were entertained at Mrs. Rachel Anderson's and Mrs. Bertha Baker's on Sunday for Easter dinner were Miss Addie Anderson of Kingston and Mr. and Mrs. Frank Anderson of Cooperstown, N. Y., who made the trip in their Buick car and report very bad roads all along the route.

Elijah Quick attended the funeral of his cousin, Mrs. Fred Dubois, at Mohonk on Thursday last.

Mrs. Eli Rider was entertained for supper Sunday at Mrs. E. D. Markle's.

Miss Lulu M. Osterhout and Miss Beatrice Baker, students at Spencer's, Kingston, spent the week end at their homes in town.

Mrs. Eugene Quick and sons have returned home after visiting her mother, Mrs. Melvin Krom, who has been ill.

Mrs. Ronsseleur Vandermarck of Kerkhousen spent a day last week with Mr. and Mrs. Josiah Krom.

Oscar Markle has William Miller and Leslie Miller employed with teams, drawing wood from his woodlots.

Mr. and Mrs. Spencer Traver of Paloutown will move this week into the tenant house of Mrs. S. E. Churchwell.

O'Reilly Also a Dealer. I wish to contradict the statement in your issue of Monday, March 28th, that there is only one Dealer, the exclusive agent for the Columbia Graphophone and records in this city.

I know of one other dealer at least who is recognized by the Columbia Graphophone Company and also by the public at large as very much a Columbia agent.

Signed,
WM. O'REILLY,
Columbia Graphophone Dealer.

BIG INDIAN.

Big Indian, March 31.—Miss Irene Murray is spending a few days with her parents.

Mr. and Mrs. Grossman, who have been in New York city for a couple of weeks, returned to Big Indian Wednesday.

The M. E. Church conference will be held at Cornwall this week and part of next. Consequently there will be no preaching service here Sunday.

The bowling match Tuesday night resulted in defeat for the Big Indian team. The high score was 230, rolled by Theron Townsend of the Shandaken team.

Mrs. Ezra Griffin and Mrs. T. J. Bryant spent Wednesday with Mrs. Arthur Gossoo of Pine Hill.

Mrs. Greenberg is in New York city for a few days.

Miss Marjorie Eignor spent Easter vacation with her mother, Mrs. Bertha Eignor.

PLUTARCH.

Plutarch, March 31.—There was a large congregation at church on Sunday to listen to the Easter exercises. The scholars all did their parts well. The church looked pretty decorated in green and white. The Rev. C. E. Lasher of Guilford was to have been a speaker at the services but for some reason he did not come.

Commencing with next Sunday our Sunday school will be at 2 o'clock. There will not be any preaching as the minister is attending conference at Cornwall. The second Sunday in April our new pastor will have charge of the preaching service at 3 o'clock. It is hoped that a good congregation will greet him.

The regular monthly meeting of the Ladies' Aid Society will be held at the church on Wednesday afternoon, April 6, at half past two. A good attendance is desired.

Mrs. Edward Schoonmaker was a shopper in Poughkeepsie one day last week and also attended the movies.

Miss Maud Van Nostrand spent last week among friends in Tilton.

Karl Haggblom of Brooklyn spent the week end with his mother.

Allan Tobias of Poughkeepsie was a visitor in town Sunday.

Mr. and Mrs. Ralph Gardner of New Paltz are occupying their summer home here.

Peter Michel is having a new wagon house, chicken house and hay house erected in the place of the one burned a couple of years ago. William Tompkins is assisting in the work.

Clifford McCormick of Rutsenville spent the week end with his family here.

Theron Freer and daughter have moved in one of the Peter Boland houses at Shiverstown.

William Schoonmaker was a business visitor in Kingston on Friday last.

Mr. and Mrs. Nelson Van Nostrand and son of Bailey's Gap visited relatives in town last week.

Not An Auspicious Omen.

From present weather indications the trout fishing season will not open auspiciously in the Catskills on Saturday, as the streams are high and the weather is cold, there also being some snow water.

PURVIS PROTESTS STREET REPAIRS

Board of Public Works Has Started To Give Wilbur Avenue "Its Usual Dose of Crushed Stone," And Alderman Calls It Waste of Money.

Alderman James W. Purvis of the Thirtieth ward is protesting against the method of repairing Wilbur avenue. He said today the board of public works has started to give Wilbur avenue "its usual dose of loose crushed stone with a dirt covering. They have already completed the work from Greenkirk avenue to Henry street, about one block, much to the disgust of the residents along that street."

"Each year," says Alderman Purvis, "there is spent about \$2,000 on this same street, a waste of the taxpayers' money. It is a practice that should be stopped. The alderman is of the opinion that this street should be repaired properly, and not as it is being done now, which is an unnecessary expense to the taxpayers."

The alderman has started in The Freeman at the time, is circulating a petition through his ward, and has secured about five hundred signatures to the petition, which he will file with the common council at the April meeting.

SOCIETY NOTES.

The Delta Alpha Society will hold a regular meeting at the home of the Misses Minnie and Sue Osterhout Friday evening. The letter will be "O."

The Rev. and Mrs. Henry A. Schaefer of Providence, R. I., announce the engagement of their daughter, Edna, to Herbert Bruening of this city. Mr. Bruening is connected with the Livingston Street Lutheran School.

Easter Assembly.

Friday evening the Easter Assembly will be held at St. Mary's Hall and promises to be an exceptionally brilliant and enjoyable social event.

Athlathion Club.

Mrs. William Kraft was the hostess of the Athlathion Club this week and had the paper for the day on "A Writer's Recollections—Mrs. Ward," which proved to be especially interesting. Next year's program, which will be a continuation of this year's study, "Autobiography and Letters," was read. The next meeting will be the last for this season, at which time the election of officers will take place. Miss Noone being the hostess.

McCarthy-Lewis.

The marriage of Mrs. Clara Lewis and William McCarthy both of Ellenville was solemnized at St. Mary's R. C. Church Ellenville on Easter Monday morning at 9 o'clock, the ceremony being performed by Rev. Father McCann, pastor of the church. The couple was attended by Miss Mattie Ruger and Edward Fay, both of Ellenville, who acted in the capacity of bridesmaid and best man. Following the ceremony Mr. and Mrs. McCarthy departed on a honeymoon trip and on their return will begin a house-keeping in Ellenville where a furnished home awaits them. Both these young people are well and popularly known to a large circle of friends in Ellenville who wish them joy and happiness.

Thanks and a Request.

The Ladies' Auxiliary of the Benedictine Hospital wish to publicly thank Captain Everett Fowler for the armory, the Musicians' Union for the music, Miss Katharine Kearney, the Misses Cashin and the Kingston Male Quartet for the assistance in the entertainment, the press for fine notices and all who helped in any way in making the ball such a great success. It is very important that all persons who have not paid for their tickets remit for them to the person from whom they were received, so that the business connected with the ball can be settled and the net proceeds turned over to the treasurer of the building committee. All are asked to be prompt in their payment for the workmen are pushing the erection of the exterior walls of the nurses' home and the money is needed.

MARY GAGE DAY.

Chairman.

Miss Mullins Delighted Audience.

The large audience which attended the entertainment in the chapel of the First Dutch Church on Wednesday evening were more than pleased with the program so admirably rendered by Miss Mabel E. Mullins of Perth Amboy, reader; Miss Beattie Tobey, violinist; and Robert Hawkins, tenor. While the audience thoroughly enjoyed every number given by Miss Mullins, her humorous readings were especially good and it was said to be long since any audience had had so many hearty laughs in one evening. The musical numbers were also especially good. The program was as follows:

Tenor Solo, "The Songs My Mother Taught Me."

Robert Hawkins.

With Miss Burman at the piano. Reading, Short Stories. Scenes from "Polina."

Miss Mullins.

Violin Solo "Meditation."

By Gladys Brown.

Miss Tobey.

With Miss Lampman at the piano. Reading, Short Stories. Scenes from Booth Tarkington's "Seventeen."

Miss Mullins.

Violin Solo, "Gypsy Waltz."

By Marie.

Rev. Mr. Kretschmar.

The large audience which on Wednesday afternoon and evening

and this afternoon gathered at the Kingston Opera House, expecting to see pretty dancing but nothing new, were both surprised and delighted with the program given by Miss Riccobono and pupils as well as by the imported movie.

The dances were varied and novel, the dancers being full of grace and poise, while the costumes were extraordinarily unique and attractive.

The program opened with a group dance, "Hunting Butterflies," by the following little girls who in their pretty frocks of pale pink, green, yellow, blue and old rose, with fluffy wings and hair bows, might easily have beguiled the butterflies they hunted into thinking them their sisters. Mildred Elmendorf, Anna Penckelstein, Harriet Gevit, Ruth Lynch and Bernadetta Walker.

The second group dance, "Valse Fantaisie," given by Enid Fischang, Betty Murphy, Mary Holt, Louise Volpert, Margaret Mellett, Evelyn Christiana Marguerite Downer, Elsie Brown, Mildred Goldberg, and Estelle Larson, in beauteous costumes of white, blue and orange was a spirited number.

The solo dance, "Greek Bow and Arrow," was danced with grace and a fine appreciation of its meaning by Marion Byrne in a Greek costume of pale yellow and blue.

One of the happiest and jolliest dances especially pleasing the large audience was "Jolly Farmers," by Margorie Turner, May Turner, Harriet Gevit, Mildred Elmendorf, Harry Lebert and Glen Quilty, the lasses in kingdom frocks and white aprons, and sunbonnets, very fetching, and the lads in blue overalls and sun hats.

A brilliant number was the "Spanish Bolero," given by Fanny Kelleher, Harriet Huestis and Martha Huestis, the Senorita in crimson ballet costume and the Senor in black velvet jacket and trousers and crimson sash, while "of this number," was entitled "Vivacity," and was admirably interpreted by Fanny Kelleher.

The Japanese costumes of the participants in the Japanese group dance especially clever and picturesque as was the dancer itself, given so well by Rita Quilty, Ruth Lynch, Anna Penckelstein, Alice Van Etten, Marjorie Turner, and Janice Steinert.

One of the most effective dances of the evening was the Arabian Dance, "Anitra's Dance," given by Ottilia Riccobono, Marie Murphy, Virginia Herdman and Marion Byrne, for the costumes were oriental in their vivid coloring, bespangled and zar, while the dancers showed the excellence of their training in their grace of movement and interpretation of the dance.

The group dance "Garotte Gracieuse" with Bernadetta Walker as "Little Miss Dainty," Dolores Mellett, Frances Benson, Evelyn Miller, Mary Dolin, Hope Powell, Betty Brown, Margaret Van Buren, Matilda Bott and Helen Dunnegan, all in prettiest of Kate Greenway costumes, was another delightful dance.

One of the numbers which the audience became most enthusiastic and happy over was "Little Songs and Dances from Babylon," wherein Phyllis Babcock as "Cupid," opened the pretty flowered boxes which contained the Dresden Dolls, Loretta Miller and Marion Heard, and was later joined by other tiny rosebuds, Violet Fischang, Adelaide Rice, Virginia Scudder, Miriam Ryan, Rita Cahill, Anna Pratt, Beatrice Heard, Blanche Auchmoody, Doloretta Lehive, all dancing like tiny flowerets in a spring breeze.

Then came the photoplay—Polly of the Storm Country—a very sweet, wholesome picture, teaching the mighty lesson, so much needed today, that love is far more powerful than hatred; and "The Love Expert," today, followed by Part II of the dancing program.

The numbers of the second part of the program were all of a more elaborate and ambitious character but were equally well rendered with the simpler ones.

Virginia Herdman as "Zephyrus," Fanny Kelleher as "Apollote," and Ottilia Riccobono as "Eurus," all in Greek costumes, were all most admirable, the music for this number being "The Dance of the Hours," from the opera "Gloconda," by Ponchielli.

A very cunning, clever and well given dance was a Social Dance, Modern Fox Trot—wherein Janice Steinert and Harry Lebert and Rita Quilty and Glen Quilty, the girls in pretty pink and blue party frocks and the lads in full dress suits, did all of the supposedly "society" stunts besides dancing gracefully. They were obliged to respond with an encore.

Then came one of the most beautiful dances of the evening, given by

the Misses Emilia Riccobono in white ballet costume with spangled, flower docket, skirt and white satin bodice, and Ottilia Riccobono in glittering yet rich, Roman costume, dancing with rare grace and abandon a "Valse Fantaisie" which they were obliged to repeat in response to the prolonged applause.

The finale was "Dance of the Pierrette," with Martha Huestis as the sweet singing Pierrot and Virginia Herdman, Harriet Huestis, Fanny Kelleher, Catherine Carroll, Marie Murphy, May Turner, Gladys Lynch, Mary Carroll and Gertrude Kraus in many colored and fantastic Pierrette costumes, which also called forth much applause.

Music for the dancing was played by Miss Babcock at the piano and Richard Meyer, violinist.

Tonight the last performance will be given, and will undoubtedly draw a crowded house, both because of the charm of the entertainment and for the good of the cause, the Industrial Home and the Girl Scouts—and by the way, the Girl Scouts in uniform act as usherettes in the net proceeds. Not only the greatest credit is due Miss Riccobono and pupils for so excellent an entertainment, but gratitude from the beneficiaries.

"THE END OF THE ROAD."

Large Audience in St. Mary's Hall Enjoy Movie Play.

St. Mary's Hall was filled last evening with an appreciative and interested as well as enlightened audience of women to see the "Keeping Fit" film, "The End of the Road," a Griffith production. This picture was shown through the courtesy of the Ulster County Home Bureau and the local board of health. Mrs. William A. Warren, chairman of the Home Bureau, welcomed the large audience and introduced Dr. C. C. Croft of Buffalo, who explained the "Keeping Fit" campaign and also told many interesting things about the film to be shown, that it was all true; that many of the pictures were taken from life as lived, not staged for a movie, for instance the commencement scenes from a graduation at Vassar College; immigrant scenes and those depicting disease of the worst sort from Ellis Island and Blackwell's Island, etc. The fact that the picture was produced by Griffith was sufficient guarantee of its technical excellence. Richard Bennett, who took the part of Dr. Bell, was the hero in the film "Damaged Goods," and was most excellent in every way. The visualizing of such a story, that of two little girls, the one early taught the sacredness of new life; the other led to by parents and taught the most sacred lessons of life by vulgar companions, also untaught at home, and the after influence through the lives of these two girls, teaches a lesson that no lecturing or book reading can teach as well. And it is admirably done in this picture. On Friday, tomorrow evening, the film will be shown at Marlborough at the Empire Theater. It has already been shown at the Community House at Milton last Monday and at Modena Tuesday at this week to large and appreciative audiences.

NEW LABOR WAR NOW THREATENS

By Telegram to The Freeman.

London, March 31.—Great Britain is on the eve of a new labor war. A national coal strike, effective tomorrow night, seemed inevitable today. The press warned the public that a general walkout of the miners appeared to be unavoidable.

The executive committee of the Federation of Miners held a meeting this morning but no statement was issued. Later the committeemen went to Unity House to confer with representatives of the other two branches of the Triple Alliance—the railwaymen and the transport workers.

The mines, which have been operated under government control and government subsidy since the war, are to be turned back to the private owners tomorrow. Anticipating this action the mine owners announced wage reductions. The miners refused to accept the wage cuts and threatened to strike if they were put into effect.

The operators contend that the wages of the miners have been raised to such a point that, under private ownership, the collieries would be operated at a loss. They point out that the operating deficit last month was about \$35,000,000. It was proposed that 80 percent of the gross receipts be turned over to the miners in the form of wages, but the men contend that this would not give them a living wage.

It is probable that the campaign for nationalization of the coal mines will be revived. This has been a vital problem in the British labor situation for more than two years.

Sir Robert Horne, president of the board of trade, has appealed to the men not to take any hasty action until all avenues of arbitration are explored.

MT. HOLYOKE ALUMNAE MEET.

Association Decides to Hold Banquet in Kingston on May 3.

A meeting of the Mount Holyoke College Alumnae of Northern Dutchess and Ulster counties was held Wednesday, March 30, at the home of Miss Helen M. Elmendorf, 71 Lindsay avenue. Mrs. Roscoe Taylor of Upper Red Hook, the chairman, presided. The meeting was addressed by Miss Mary who is field secretary for the Mount Holyoke College endowment fund campaign for three million dollars. Miss Margaret Jansen of New Paltz was appointed chairman of the committee to arrange for a Mount Holyoke banquet in Kingston May 3, on which date such banquets will be held in many places throughout the United States.

"Something to Think About"

By Jeanne Macpherson

WITH ELLIOT DEXTER, GLORIA SWANSON, THEODORE ROBERTS, MONTE BLUE

Who shall come out of the forge of life unscarred? Who shall come through the fires of suffering and the blows of the hammer of fate as strong and true as steel?

Only those to whom there has come a vision of understanding.

A few men and women, caught in the coils of tragedy, suffer and struggle humbly, pitifully—

And then suddenly, a radiance, an enlightenment!

Cecil B. DeMille has accomplished in this production something never done before. He has unlocked the secrets of the human heart.

Washington, March 31.—Wine and whiskey for the sick now can be withdrawn by retail druggists from bonded warehouses to meet all reasonable demands. Orders were issued by Revenue Commissioner Williams today authorizing druggists, beginning tomorrow to withdraw in such amounts as are needed to meet their requirements. The new instructions modify an order issued January 28, limiting withdrawals by druggists to five cases of liquor on a single withdrawal.

Druggists hereafter will be permitted to withdraw up to 100 gallons of whiskey and 100 gallons of wine every three months. They will be allowed to withdraw in larger amounts, Commissioner Williams directed, by furnishing satisfactory proof with the prohibition directors in their districts that larger quantities are necessary to meet their trade demands.

Commissioner Williams's order affecting withdrawals of wine is the first step taken by the internal revenue bureau to "liberalize" the dry regulations since the opinion of Attorney General Palmer was issued placing wine and beer officials in the status of whiskey for medicinal purposes.

Removal of the restrictions as to wine as well as whiskey, was decided upon as a result of demand from all parts of the country from both retail and wholesale druggists, for early relaxation of the rules previously in force, to meet heavy demands from the public. Since Palmer's opinion, the druggists have been literally swamped with appeals to supply wine, beer and whiskey upon physicians' prescriptions, officials declared.

Officials declared that the sale of wine by retail druggists will not be restricted, as in the case of whiskey. Under the law as it now stands, one pint of liquor only can be sold upon a doctor's prescription. In the case of wine, however, the physician's judgment prevails, and the amount he specifies as necessary for a patient can be sold by druggists. This procedure will be followed until further regulations are drafted governing beer as well as wine for medicinal purposes.

Commissioner Williams said that while it will be necessary eventually for the bureau to place some limit upon the amount of wine and beer that can be prescribed at one time, this phase of the matter will be left for decision to his successor, soon to be named.

Heavy demands are being made upon druggists throughout the country to supply beer for medicinal purposes, according to reports to Commissioner Williams. There also is a larger number of inquiries from brewers, indicating their willingness to supply trade demands if new permits are authorized.

The beer end of the problem is regarded by dry law chiefs as the most difficult part of the work made necessary by Palmer's ruling. The question of what restrictions shall be placed upon brewers making medicinal beer is now the subject of discussion. Decision upon the question in the near future is not expected.

HARDING TACKLES RAILROAD SNARE

By Telegraph to The Freeman.

Washington, March 31.—President Harding today took up the difficult task of untangling the railroad snarl.

The president conferred with Judge R. M. Barton, chairman of the Railroad Labor Board, and Chairman Clark of the Interstate Commerce Commission. With these two officials the president planned to make a thorough study of the present railroad situation.

One of the first questions which the president is understood to have taken up is that of reduction of wages for railroad employees and reduction of freight and passenger rates for the railroads, seeking the views of the two chairmen on these questions.

Railroad executives are understood to have already laid before the president extensive arguments showing the necessity for reduction of wages, and the president desires data from Judge Barton as to the views of the railroad board on this subject. Chairman Clark is understood to be prepared to outline the situation with regard to possibility of rate reduction.

The seriousness of the situation from the railroad standpoint, is shown in a report issued today by the Association of Railway Executives which declares that reports filed with the Interstate Commerce Commission show that the carriers in January suffered a deficit of \$1,167,800 while 169 out of 202 railroads reported that they failed to earn their expenses and taxes. During 1920, 167,800 out of 202 railroads reported failure to earn expenses and taxes.

Of the 109 roads that failed to make expenses, 45 were in the eastern, 16 in the southern and 48 in the western districts.

Total operating revenues for January were \$468,834,000 or an increase of 5 1/5 per cent over those for the same month in 1920, while total operating expenses were \$442,474,000, an increase of 6 3/5 per cent over those for the previous January. The net railway operating income, however, was a decrease of 120.6 per cent under that for January, 1920. A sum of \$54,136,000 in back mail pay which was received in January, 1920, is not included in this tabulation.

The Association of Railway Executives holds that these figures show that the railroads are failing to earn the six per cent guaranty provided in the Transportation Act under the advanced rates. It is expected, however, that the administration in its inquiry will seek to determine whether earnings might be increased through greater traffic if rates were reduced.

The railroads are jammed with idle freight cars. Business depression has left upon side tracks of the carriers a surplus of 459,411 cars not required for current traffic. Reports today to the car service section of the American Railway Association showed that idle equipment on the roads is greater than at any other

point in the history of American railroads.

Falling off of coal shipments was the chief reason for the large increase in idle cars. Surplus coal cars alone numbered 224,594. There were 164,195 surplus box cars. With the higher number of surplus cars, not needed to handle traffic, there also was reported a decline in the number of cars loaded with revenue freight. During the week ended March 19, the total was 691,767 cars, or a decrease of 10,361 below the preceding week, and 163,353 cars below the record for the corresponding week in 1920.

MORE FIGHTING IN RHINELAND

By Telegram to The Freeman.
Berlin, March 31.—Fresh clashes between Communists and German Security Police were reported from the great Rhineland industrial belt today.

The employers throughout all Germany have issued an ultimatum to the workers to return to work before midnight tonight, otherwise they will be dismissed.

The Reds attempted to blow up the Orenburg bridge in this city, but the attempt was frustrated.

A band of heavily armed Reds attacked the industrial town of Gelsenkirchen, in Westphalia, but were driven off and defeated in the direction of Essen. Gelsenkirchen was defended by Security Police.

Four hundred Communist prisoners were captured by the Security Police in a battle at Remscheid. The casualties were not announced.

At Bremen a mob of 25,000 Reds attempted to storm the shipyards and force a general strike. Fires broke out in the shipbuilding plant but were extinguished.

Announcement was made by the head of the police department at midnight that the Red uprisings were subsiding and that work was being resumed in many districts where the Communists had forced the workers to strike.

Only small and unimportant "pockets" of Reds remain to be cleaned up by the Security Police, the announcement said.

The number of Red prisoners captured by the Security Police in all quarters of Germany now totals nearly 3,000.

The damage will extend into hundreds of millions of marks. At Leuna alone several million marks damage was done when the Security Police opened fire with artillery against the industrial plants in which the Reds were barricaded. Vast damage has been done to railway property, to banks, to postoffice and private property generally by dynamite explosions.

FINANCIAL AND COMMERCIAL

By Telegram to The Freeman.

New York, March 31.—The stock market continued under heavy selling pressure at the opening today and initial prices were from fractions to over two points lower. Standard yielded 2 1/2 to 73 and Chandler fell over 1 point to 79. Steel Common dropped 1/2 to 80 1/2. Baldwin was down 1 1/2 to 85 1/2 and Crucible yielded 2 1/2 to 85 1/2. International Harvester after selling up to 33, fell to its previous low for the year at 31. Central Leather dropped one point to 36; United States Rubber 1 point to 68 1/2; General Asphalt to 61 1/2 and Sears Roebuck 1 point to 67 1/2. Mexican Petroleum started 2 1/2 lower at 14 1/2 and Royal Dutch showed a loss of 1 1/2 at 62 1/2. All the rails were lower, Reading falling 1 1/2 to 63 1/2; St. Paul over 1 point to 24 1/2 and Southern Pacific 1 1/2 to 75 1/2.

After the declines in the first fifteen minutes the stock market developed a steeper tone and the leading issues generally moved up from the low.

The market, following developments in Europe, including the British coal strike and reported declarations of a monarchy in Hungary, the afternoon and moderate advances were made in a number of issues. Studebaker was directly influenced by reports of accumulations for trade purposes and rose 2 points to 75 1/2. U. S. Steel was quiet, holding close to its high price of the day and Baldwin Locomotive advanced a point to 87 1/2.

The market closed irregular today; government bonds unchanged; railway and other bonds irregular.

Raleigh's Great Work.

H. G. Wells wasn't the first to write a world history of his own conception. Sir Walter Raleigh anticipated him by several hundred years. Raleigh's "History of the World" was a voluminous and painstaking work, showing evidence of profound scholarship and research. It was composed while he was a prisoner in the Tower of London, and it was one of the marvels of the time that a man, under such circumstances, and so far removed from sources of research, could have been able to undertake and carry through such a task.

ACCORD.

Accord, March 31.—The play given at the Odd Fellows Hall by Kingston talent Monday evening was a success in every way. The attendance for such a stormy evening was exceptionally good, and the play itself was fine. A rifle more than \$40 was taken in at the door which was divided equally between the Kingston people and the Ladies' Aid. Additional receipts from the oyster supper and refreshments made the total proceeds for the Ladies' Aid nearly \$60.

ROTARIANS MEET IN POUGHKEEPSIE

Kingston will send a delegation of 15 members of its Rotary Club to the Third District Conference of the International Association of Rotary Clubs, which will be held in Poughkeepsie, Tuesday and Wednesday of next week. Special interest attaches to this Rotary gathering because it will be the largest one of the year in this country, the international convention being scheduled for June in Edinburgh, Scotland. A special committee of the local club, composed of Arthur C. Connolly, Dr. Charles D. Carter and William S. McDonough has arranged for the trip to Poughkeepsie. The Kingston delegates are Arthur C. Connolly, Dr. Harry P. Dodge, and the alternates are A. W. Hoffman and Dr. Charles D. Carter.

Other Rotarians who will go to the conference from the local club are: The Rev. F. B. Sedey, Dr. Mark O'Meara, William S. McDonough, Charles R. O'Connor, William Davis Hawk, Samuel Watkins, Thomas Flemining, David Burcove, Ernest A. Kelly, Sydney D. M. Hudson, William C. Hussey and Arthur G. Carr. "Many important questions will be discussed at the Poughkeepsie Conference," said President Sedey of the local Rotary Club today. "The International President of Rotary, Estes Snedecor of Portland, Oregon, will be present. Charles Lee Reynolds, district governor of Newark, N. J., will preside. All of the past district governors and other prominent Rotarians will be present."

"Arrangements by the Poughkeepsie Rotary Club include business sessions Tuesday and Wednesday in the Masonic Temple with luncheon and the conference dinner in the state armory. The district governor for the coming year will be elected. The members of our club who have decided to attend anticipate an interesting conference and much pleasure."

Roamers vs. Phoenixia.

One of the best attractions of the season has been scheduled for Saturday evening, April 2, at the Shanderson Hall, Alban. On this occasion the Roamers of Kingston and the Phoenixia basketball teams will play the third and deciding game of their series. The Roamers are composed of former high school and college stars and are one of the very few teams that have been able to gain a victory over the Phoenixia boys this season. Needless to say, the Phoenixia team will have all its stars in the lineup and another good contest is assured. There will be dancing immediately after the game.

AUTOMOBILE TAX BILL DISCUSSED

Mr. Bogart Writes a Letter And Receives An Informing Reply From The Secretary of The New York State Automobile Association.

Copy of letter written to the New York State Automobile Association under date of March 23rd.

New York State Automobile Association, No. 110 State Street, Albany, N. Y.

Attention: Herbert W. Baker, Secretary.

In connection with certain proposed legislation now pending in the senate, known as the Lowman bill, increasing certain fees on motor vehicles, I would suggest that the association have prepared a bill amending the proposed Lowman bill providing for all of the fees resulting from such tax shall go into the highway fund for maintenance and repairs.

There is no question that the highway department will have need for more money for maintenance and reconstruction of highways, which have already been built than ever before in the history of the state. Reports from out-lying districts would indicate that our roads are in the worst condition this spring that they have ever been and our association should get behind some bill to prevent trucks carrying over a certain weight of load being operated on the highways during that period in the spring when the roads are between frost and setting, which is when the great amount of damage is done to them. We cannot afford to place ourselves in the position of objecting to any increase in tax no matter for what purpose it is applied or whether there is any necessity for it or not unless we show a disposition to meet the requirements for such maintenance and repair of the state constructed highways, but the thing we are most interested in is that the money shall be used all for this maintenance and repair and reconstruction and that none shall be returned to the cities or the counties to go into their general fund and so be used for the purpose, not contemplated or intended under the original Callan Act. Of course you understand from a general basic principle all users of the highways should be taxed for maintenance of the same and we should also favor an increased tax on the heavy trucks carrying over a certain amount of weight for they are unquestionably the ones which are doing the great injury to the highways.

Very Truly,

ELVA H. BOGART, Chairman Mem. Co. N. Y. S. A. A.

Copy of letter to Elva H. Bogart, from The New York State Automobile Association, H. W. Baker, secretary, under date of March 24, 1921.

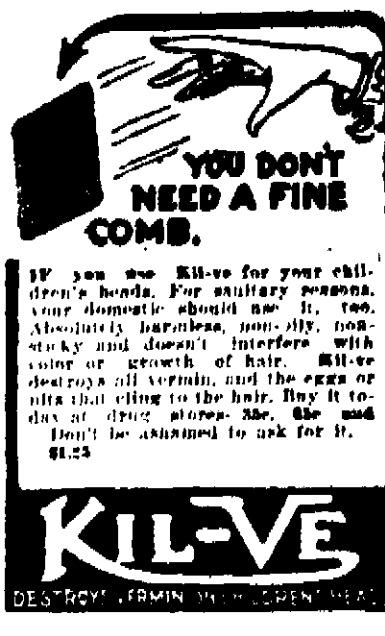

Elva H. Bogart, Kingston, N. Y. Dear Mr. Bogart:

Your communication of the 23rd with reference to the Increased Fee bill and our opposition to same: has to state that we have argued every angle with Mr. Lowman, Mr. Hewitt, other members of the senate and chairman of assembly committees.

Undoubtedly the highway department has a big job on hand to put the roads in passable condition, at the same time the automobile owners of the state are paying sufficient money to the state for the proper maintenance of roads using the highway department's own calculations as a basis for this statement, but 25% of this money is being returned to the localities from which it is collected and in a large number of instances is scattered in small portions all over the counties resulting in a benefit to no one.

Mr. Lowman, chairman of the internal affairs committee agreed with us on this point and so does Senator Hewitt but both of them claim that they could not get votes enough to repeal the law which gives the counties 25% of our fees and especially since the Erie county members are anxious not only to have this 25% but to increase the division to 50%. They fought out this proposition in the caucus the other night but they did not introduce any bill and try it out on the floor to repeal the law which gives the counties 25% of the fees and takes that much away from the maintenance of the state roads.

If you will follow all our bulletins we have made our position perfectly clear on that point but we are believing it to the attention of our clubs again today because a num-

ber of members in the assembly are somewhat confused on the proposition and do not understand that we are not objecting so much to the small increase in the automobile fees as we are to the principle of the division of these fees and the diversion of this 25% from the purpose for which it is paid and is intended.

We even went further with the internal affairs committee and stated that if all of the automobile money were devoted exclusively to the maintenance of state roads and the highway department needed additional money for that purpose we would not only be glad to meet the committee on the proposition but would approve of an increase in the fees for that purpose.

We wish you would take the trouble of explaining this to your own senator and assemblymen without the fact that the bill has passed the senate and our only chance now is to amend the law so that all of our money will be used for the maintenance of roads by paying it all into the state treasury and preventing the passage of the bill to increase the fees and divide that much more of our money thus paving the way for an additional increase next year when additional mileage will have to be taken care of.

Yours very truly,
HERBERT W. BAKER, Secretary.

Note—The above correspondence relative to increased fees on automobiles is self explanatory. Certain statements made in the public press concerning the attitude of the New York State Automobile Association and the Ulster County Automobile Club are misleading. The New York State Automobile Association has always taken a firm stand for the best interests of the people of the state and have never maintained any form of a lobby such as has been stated by Senator Lusk and the only intent and purpose of the association has been to ask their representatives in the senate and assembly to carry out the desire of their constituents and act in the best interest of all the people. If an expression of the people by means of telegrams or letters is maintaining a lobby then we plead guilty, but there is any other way of informing the representatives in Albany of what the desires of their constituents are other than that taken?

A bill has already been introduced in the legislature setting forth the suggestion that the Lowman bill be amended to provide for all the moneys resulting from the tax on automobiles be placed in the highway fund. Notwithstanding this fact there are already four bills introduced which would call for a return of 50% of these fees to the municipalities and the counties which clearly indicates the intention of the legislature that what they are after is more money, not that there is not sufficient money at the present time produced for the maintenance of the highways, but that more money be raised from the users of motor vehicles in order to enable them to have this money for use for purposes not intended by the legislature. Senator Lowman, Senator Hewitt, and other responsible heads of the senate and assembly have clearly acknowledged that they could not pass an act increasing these fees unless they first agreed that certain amounts be returned to the cities of the first class as the claim they have not sufficient votes in order to put the bill through without offering this set-off to the members from those cities which clearly indicates the injustice of the whole thing.

E. H. BOGART.

FINE HILL.

Fine Hill, March 31.—The Easter social at the Fine Hill was well attended and a pleasant and profitable time was reported. Fine Hill and Hillcrest churches were well represented.

The pastor left for Cornwall-on-the-Hudson on Wednesday morning to present at the opening session of the New York conference. There will be no service next Sunday and the services will be held at all the churches at the usual hour on April 1st. We welcome you to join with us. You can help us to help others.

On Sunday last, March 27, the pastor closed the fourth year of his ministry here by declaring all churches free from debt and three hundred dollars increase in benevolence and a substantial sum in the treasury. We thank all who have helped in the good work.

You will find in the Auburn Beauty-SIX those sturdy virtues which time alone can build into a motor car.

Auburn's silent, powerful motor—the unusual torque arm construction that adds life to the car by taking the sudden strains—the extra large brake drums that give greater stopping control—the annular ball bearing transmission; these are all features dictated by the experiences of twenty-one years automotive construction.

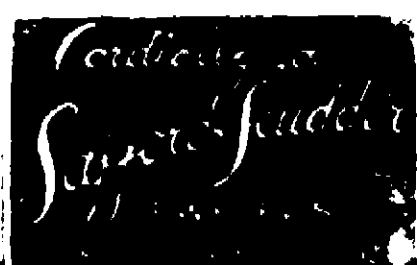

Two decades of unvarying adherence to the highest ideals of quality and value have placed Auburn in the lead of the moderate price class.
